PROJECTS

Responsive App That Identify & Meet User Needs

Designed and developed a health-based Recipe App to change the deception around healthy food being bland, complex to prepare and not relishable by bringing in new twists, combinations and flavours along with achievable meal plans. An app that will entice users to lead a healthy life by building immunity and endurance to get through this pandemic.　**Read Case Study**

Native App Following Android & iOS Guidelines

Why pay any travel companies and agencies to fulfil your wanderlust when learning, travelling and exploring is all possible with just a phone app? A native app designed within the restrictions of Android and iOS guidelines for all users that guides you into nature's wilderness & explore new terrains.　**Read Case Study**

App Ensuring Smooth Online Shopping Experience

Built and established an online furniture shopping brand so that you can sit at home, relax and order the best furniture that would complete your dream home. This app saves the effort of visiting multiple stores. The furniture sold here is eco-friendly and handcrafted which helps support handcraft artisans from rural areas.　**Read Case Study**

EDUCATION

Certificate: UI Design
Specialization: Frontend Development │2022

CAREERFOUNDRY GMBH, BERLIN

Intensive project based online training course, resulting in the end-to-end design of 6 applications focusing on developing user friendly interfaces. Specialization course included programming of my own website.

Bachelor of Engineering
(Mechanical Engineering) │2020

UNIVERSITY OF MUMBAI, INDIA

Engineering education focusing on theoretical knowledge along with industrial exposure training how to identify problems and develop new solutions.

- **Completed Internship at Dahanu Thermal Power Station (DTPS) and partook in industrial visits.**

   Participated and learnt the process of planning, organising and managing workflow of various products from initiation to the final stage. Industries visited includes:

   1. AIRBUS, Toulouse, France
   2. ARDUINO s.r.l, Strambino, Italy
   3. CIRCUIT DE BARCELONA, Catalunya, Spain
